## Ship Specifications / Cabin Descriptions

Registered name:	Akademik Ioffe
Built:	1989, Rama, Finland
Length:	117 m
Breadth:	18.2 m
Draft:	6 m
Power:	twin engine, 5,000Kw diesel, twin propeller
Maximum speed:	14.5 knots
Crew and staff:	63
Passengers:	96

Designed for polar research, the *One Ocean Navigator* is modern, comfortable, safe and ice-strengthened. From small group sessions to briefings for all passengers, we have public spaces onboard the ship ideally suited for each and every need. A separate bar and lounge, as well as a library provide ideal places to sit and relax or catch up on some reading. A selection of movies and documentaries can also be watched in the lounge. Enjoy the sumptuous meals prepared for you by our culinary team in our dining room, which can host all clients in a single seating.

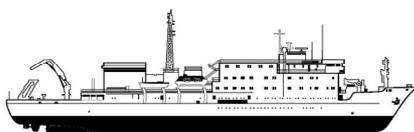

Other facilities include the theatre style presentation room, gift-shop, fitness room, massage room, sauna and plunge pool.

### Comfort and Stability

Designed and built as a scientific research vessel in Finland, the *One Ocean Navigator* is very stable, quiet and comfortable. Refitting and refurbishment over the last five years oriented towards her role as an expedition cruise vessel has greatly improved the comfort and calibre of the facilities aboard the ship.

There is little if any ambient noise from engines or machinery and with most of the public spaces on a separate deck from the majority of the cabins there is little issue with passenger-generated noise.

Vessel stabilization is gained through a combination of external stabilizers on her hull and a built-in ballast trimming system. The rapid transfer of ballast between special trimming tanks reduces vessel motion and coupled with a modern hull design gives us a stable platform for science and exploration.

# oneoceannavigator / Akademik Ioffe

## Marine Safety

The *One Ocean Navigator* is a Russian-flagged vessel and carries all current certifications required by Russian and international maritime law for ensuring passenger safety and wellbeing. An extremely experienced captain and crew and an ice-strengthened hull (Canadian Type B, Lloyds Register 1A) provides an exceptionally safe combination for polar expedition cruising.

Safety and emergency equipment onboard the vessel is inspected and tested on a regular basis and a passenger lifeboat briefing and drill will be conducted on the first day of each voyage to ensure that passengers are familiar with onboard emergency procedures. The emergency equipment onboard the vessel includes two fully-enclosed lifeboats with a total capacity of 132 and four life rafts with a total capacity of 200.

The *One Ocean Navigator* has two main engines and twin propellers to propel the vessel through the polar waters at up to 14.5 knots. Coupled with a bow-thruster and a stern multi-directional propulsion unit, the *One Ocean Navigator* is extremely manoeuvrable and has a built-in propulsion back up.

## Bar

Located aft of the lobby on the main deck and with a seating capacity of about 25 and/or sufficient standing room for many more, the bar becomes one of the activity hubs on the ship. With outside views through portholes and a door out onto the main deck, the bar is a comfortable place to enjoy a fresh fruit smoothie before breakfast, grab a bottle of water before an excursion or enjoy a cocktail before dinner. A stereo with MP3 player dock and a monitor showing live video footage of the view forward from the bridge at all times can be found in the bar.

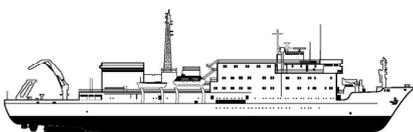

## Bridge

The ship's bridge is located on Deck 6 and is open to passengers virtually 24-hours a day. The officer on watch and a helmsman can always be found on duty on the bridge and it is also the best place to meet the master of the vessel. The chart room is a fascinating place to visit and expedition staff or ship's crew are often available to answer questions about the equipment and instruments found on the bridge.

In addition, the bridge is an excellent place to sightsee and view wildlife from. Binoculars and wildlife identification guidebooks can be found on the bridge and during much of the day, an expedition guide will be watching for wildlife from the bridge.

## Communications

The ship carries all required communications and navigation facilities and equipment. An Iridium satellite communication system is in place for both voice and personal email use. Equipped with Inmarsat telephone and fax equipment as well as a variety of shortwave, SSB, and VHF radio systems, she also carries fully current GMDSS (Global Marine Distress and Safety System) equipment.

## Dining Room

During select breakfasts on your voyage, join us in the dining room for an omelette bar. With buffet breakfasts, buffet and/or plated lunches and plated dinners, the dining room can seat all passengers in one sitting. Attractively lit and comfortably furnished, it is served by our ship's stewards and hosted by our Adventure Concierges. Our culinary team includes three chefs as well as up to three culinary students on each journey.

To keep up to date with the view from the bridge, live streaming video can be viewed on a television screen in the dining room during meals. A small lounge can be found in the forward part of the dining room along with a small bar used during meal service.

## Elevator

A lift (or elevator) services Deck 1 through 5, allowing access to and from the presentation room on Deck 1. The bridge and cabins on Deck 6 are not accessible by lift. Access to the zodiacs is by way of gangway stairs from the main deck (Deck 3).

## Gift Shop

The gift shop carries a supply of souvenirs and sundries and is open most days of the voyage and can be opened at anytime for your convenience. From warm hats and gloves to polar books and t-shirts, the gift shop has something for everyone. In addition a small selection of toiletries and sundries can be purchased from the gift shop.

## Fitness Room

The fitness room onboard the vessel has a set of free weights, exercise bike and rowing machine. Exercise mats and balls are also available in the fitness room, as is a stereo with an MP3 player dock.

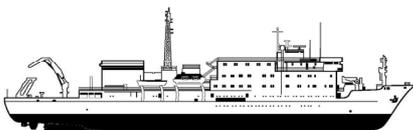

## Infirmary

Located on Deck 5, the infirmary can cater to basic medical needs. Although containing an impressive quantity of medical supplies, passengers with pre-existing medical conditions requiring medication or supplies should come self-reliant. We will carry an English speaking emergency physician on every voyage. If there is a need to consult the ship's doctor and receive medications from the infirmary, passengers will be invoiced for the cost of any items supplied.

## Library

The library is located on Deck 5 and has wonderful forward viewing windows. A quiet part of the ship containing a large conference table, seating for about 18 and numerous polar reference books, the library is a great place to relax and learn about the region being visited. Just outside the library, there is additional seating in wingback chairs, another great place to sit and read.

The library has a slide screen and whiteboard and is often used for small group focus sessions and discussions.

### Lounge

Adjacent to the bar on the main deck, the lounge has a piano, television, board games and puzzles. It seats about 25 and has direct access to the outer deck, where a covered viewing and seating area is located. Be sure to take a cozy blanket with you from the lounge while you go out to sit and enjoy the view from the starboard side of the ship.

A 24-hour coffee and tea station can be found in the lounge, which also serves as an overflow area for the bar during Happy Hour and for after dinner card games. Of course, what lounge would be complete without a fireplace?

### Mud Room

An expedition requires expedition gear and a place to keep it. Our passenger mudroom is the ideal spot to prepare for excursions and keep your gumboots and foul weather gear separate from your cabin. Shelves on the aft wall of the mudroom help in the storage of gumboots and a pegboard is in place for drying gloves.

The mudroom is on the main deck, between the reception area and the bar and we use this direct access to outside for boarding the zodiacs via the gangway.

### Presentation Room

Our presentation room can be found on Deck 1, the lowest and most stable deck on our vessel. With seating for all passengers and elevator access, the presentation room is equipped with theatre style seating and modern multi-media presentation system.

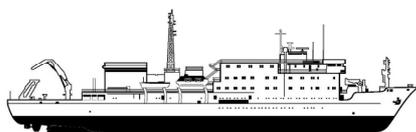

### Sauna and Polar Plunge Pool

Following a day of excursions, a sauna with complimentary aromatic oils can be a wonderful way to unwind. Located on Deck 5, the sauna and adjacent plunge pool is open each afternoon and evening. The sauna seats approximately six people and the plunge pool can be filled with polar water on demand or for special events. There is a change room with towels and a shower room between the sauna and the plunge pool.

### Top Deck and Observatory

The top deck enjoys 360 degree views around the ship. A great place to enjoy calm sea days and spectacular Antarctic scenery, the top deck also has a small observatory where a spotting scope is stored as well as warm blankets and a comfortable bench.

Bring your travel mug with you to the top deck on pleasant afternoons and our Adventure Concierges will bring carafes of steaming hot chocolate or other hot beverages to you. Refill your travel mug as often as you like.

# oneoceanavigator / Akademik Ioffe

## Multimedia Room

Our multimedia room contains Apple Macintosh computers with the latest software for photo management and manipulation. External hard drives, a battery recharging station (110 V and 220 V powerbars for plugging in your charger), multi-card readers and a selection of cables for connecting various cameras to the computer can be found here. Manage your rapidly expanding polar image library, burn DVD's or prepare slide shows to entertain fellow passengers or family at home. In addition we have available a portable 4"x6" photo printer to print out copies of some of your favourite photos.

We do recommend that you bring your own recharger cables and download cables, as well as spare memory cards for your camera.

## Cabin Categories

**Main Deck Triple Share** – Located on Deck 3 these cabins have bunk beds and a sofa bed. Facilities are shared. There is a washbasin with cold/hot water in the cabin, a writing desk/chair and ample storage space. All cabins have a porthole.

### Additional features and amenities:

Bathrobes

**Twin Semi-Private** - Located on Deck 4 these cabins have one lower berth and one sofa bed, a writing desk and ample storage. Facilities are semi-private (one bathroom between two cabins). All cabins have a window which opens.

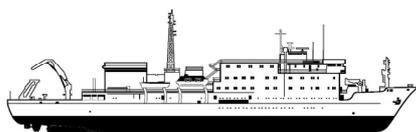

### Additional features and amenities:

Toiletry kit  
Hairdryer  
Coffee/tea maker  
Bathrobes

**Twin Private** – These cabins are located on Deck 4 and 5. All cabins have two lower berths, a writing desk/chair and ample storage. Facilities are private and all cabins have a window.

### Additional features and amenities:

Toiletry kit  
Hairdryer  
Coffee/tea maker  
Bathrobes

## Cabin Categories (cont'd)

**Superior** – Located on Deck 6 these cabins have two lower berths, a sofa, a writing desk/chair and ample storage. Facilities are private and all cabins have a window.

**Additional features and amenities:**

Toiletry kit  
Hairdryer  
Coffee/tea maker  
Vanity kit  
Upgraded bed linen/duvets

**Shackleton Suite** – These cabins are located on Deck 4 and 5. All cabins have one double berth, one sofa bed, separate sleeping quarters, a writing desk/chair, TV/DVD Player, iPod Dock Alarm Clock. Facilities are private and all cabins have windows, which can be opened.

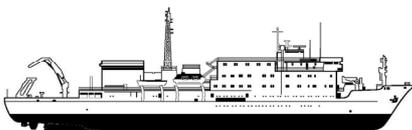

**Additional features and amenities:**

Upgraded bed linen/duvets  
CD player/mini stereo system with connection for iPod™/mp3 player  
Use of our CD selection  
Mini bar/ice bucket  
Hairdryer  
Coffee/tea maker  
Toiletry kit  
Vanity kit  
Organic cotton luxury logoed bathrobes  
Arrival gift basket with healthy snacks and a bottle of wine  
Binoculars and wildlife reference book

**One Ocean Suite** – Located on Deck 5 this cabin has a double berth, one sofa bed and separate sleeping quarters, up-graded bedding, a writing desk/chair, TV/DVD Player, iPod Dock Alarm Clock and iPod Speaker System for main room. Facilities are private and have a bathtub. This cabin has windows overlooking the bow, which can be opened.

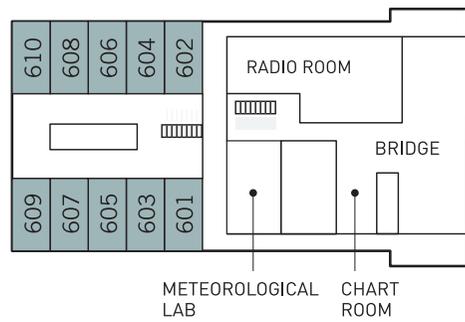

**Additional features and amenities:**

Upgraded bed linen/duvets  
CD player/mini stereo system with connection for iPod™/mp3 player  
Use of our CD selection  
Mini bar/refrigerator  
Hairdryer  
Coffee/tea maker  
Toiletry kit  
Vanity kit  
Organic cotton luxury logoed bathrobes  
Arrival gift basket with healthy snacks and a bottle of wine  
Binoculars and wildlife reference book
